Re: *Kirk v. Comal Appraisal District*, C2018-1576B

Dear Mr. Kirk:

The Defendant will be moving the Court to adopt a Level III discovery control plan, setting March 3, 2019 as a discovery deadline, February 3, 2020, for the Defendant's expert deadline, and January 2, 2020, as the Plaintiff's expert deadline. The Defendant will also move to compel your production of the photos you and your associates took at the inspection of your property.

This letter is the conference to seek your agreement to these matters before the referenced motions are filed.

Sincerely yours,

Kirk Swinney
